PROFESSIONAL SUMMARY

Motivated and enthusiastic B.Tech Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning, with a strong interest in Full Stack Web Development. Currently building expertise in HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, MySQL, Python, and Java through academic coursework and personal projects. Passionate about developing responsive and user-friendly web applications, with strong problem-solving, analytical, and teamwork skills. Eager to apply my knowledge, learn from real-world experiences, and contribute effectively as a Full Stack Developer.

SKILLS

Python, Java, C Programming, HTML, DBMS

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering (Artificial intelligence and Machine Learning) CGPA: 8.5

Talla Padmavathi College of Engineering, Kazipet Aug 2021 - Present

- Pursuing a Bachelor of Technology in Computer Science and Engineering (Artificial intelligence and Machine Learning).
- Maintaining a strong academic record with an 8.5 CGPA.
- Developed foundational knowledge in Data Structures, Database Management Systems, Programming, and Machine Learning.
- Currently enhancing analytical and technical skills through a Data Analytics internship.
- Actively participating in technical courses, projects, and skill-development activities.
